Mixed price charges: If the validity of a lift pass extends over several seasonal tariffs, a mixed price is calculated.

To avoid waiting at the lift pass cash desks, many hotels are already making use of the option of issuing lift passes directly at the hotel (at no additional charge). Please inquire about this at your hotel or guest house.

When restrictions are in force in Lech-Oberlech-Zürs, these tickets will be issued with their validity limited to St. Anton, St. Christoph and Stuben only.

The points are redeemed automatically the first time you pass the electronic reading devices on any given day, whereby the time shown on the reading device is decisive. Please observe the display! **Points Deduction:** Before 11:50 am = 3 points; after 11:50 am = 2 points; after 3:00 pm = 1 point. Out of fairness, we offer the following: Points remaining from the previous season can be used by 10 Jan. the following season. When a new lift pass is purchased by 10 Jan., points remaining from the previous season will be added on (older points will be forfeited without exception!) up to a maximum of the same number of points contained in the newly purchased optional day lift pass. Points left over from the previous winter season will be forfeited without exception after 10 Jan. of the current season. Residual points can no longer be taken into account from this date, even if a new lift pass is purchased. Subject to the tariff regulations of the Arlberg Skipasspool.
